

## Journal 2

### **Requirements for journal 2:**

You should demonstrate that you have

- a. Developed the **Parametric Equalizer** (Week 5) according to exercise
- b. Document the design, implementation and the result of the tested equalizer
- c. Hand-in the journal as a pdf file and a zip file with the CrossCore project code

The journal is *mandatory* – ie. it must be accepted by the lecturer to be able to take the exam.
